YOUTH vs. YOUTH INDEPENDENT

USE THE FOLLOWING TO CONFIRM YOUR TEAM'S YOUTH STATUS.

New changes from last year's packet are marked in **RED**.

YOUTH DIVISIONS:

Divisions identified as 'Youth' will provide competition for the majority of youth teams who have competed with YCADA in past years. However, the wording has been clarified to exclude teams who have left an organized program to form competition-only teams, or join a program (i.e. city parks and rec. league) which has youth sports teams, but no formal cheerleading program – as defined below.

YOUTH DIVISION GUIDELINES:

- Team is affiliated with a governing youth football organization (i.e. Pop Warner Football, American Youth Football, AAU, P.A.L., Junior All American, etc.). The youth league must include cheerleading bylaws and cheerleading safety rules as part of their charter. Team supports and is affiliated with a youth league.
- Teams affiliated with any sport other than football (i.e. baseball, basketball, soccer) must compete in the **YCADA Youth Independent Divisions**.
- Coaches **MUST** bring copies of their league/team 'books' containing copies of each child's Birth Certificate or Government Issued ID to YCADA events. If ages are questioned or protested, or league affiliation disputed, a YCADA event official will require this documentation. Not having this information available at the event may result in disqualification.
- Youth divisions are determined by the age of oldest team member.
- The participant's age on **July 1, 2026** shall be the participant's age through **May 31, 2027**.

To maintain the integrity of fair and competitive Youth Divisions, YCADA reserves the right to evaluate a team's status to ensure compliance with the letter and the spirit of the above policies.

YOUTH INDEPENDENT DIVISIONS:

NA Divisions are being discontinued as a YCADA offering. Previous NA teams will have 2 options. If they meet the below requirements and wish to follow YCADA YOUTH rules and scoring, they may select 'Youth Independent' as a replacement for NA.

If Teams previously registering in NA do not meet the below requirements or prefer to follow expanded (previous) NA rules and meet the requirements, they may opt for Travel Cheer & Dance.

Divisions identified as 'Youth Independent' will provide competition for teams that ARE NOT affiliated with a governing youth football organization (i.e. Pop Warner Football, American Youth Football, AAU, P.A.L., Junior All American, etc.). Youth independent Organizations follow the same rules and scoring as "Youth" teams but compete in separate Youth Independent divisions. Youth Independent Organizations/Teams must meet the following guidelines to compete in Youth Independent Divisions.

YOUTH INDEPENDENT GUIDELINES:

- Youth Independent Organizations are NOT affiliated with Football
- Youth independent organizations cannot own/lease their own facility/gym (space rentals allowed)
- Youth Independent Organizations must be Not-For-Profit
- Youth Independent Organizations are prohibited from competing in Youth Affiliated, All Star, or Travel Cheer/Dance Divisions at any cheer/dance competitions during the current competition season.
- Youth Independent divisions are determined by the age of oldest team member.
- The participant's age on **July 1, 2026, shall be the participant's age through May 31, 2027.**
- Youth Independent Eligibility Agreement – All Youth Independent Organizations/Teams must agree to abide by the Youth Independent Eligibility Agreement. This Agreement includes Mandatory Age Verification, Background Checks, & Code of Conduct.

To maintain the integrity of fair and competitive Youth Independent Divisions, YCADA reserves the right to evaluate a team's status to ensure compliance with the letter and the spirit of the above policies.

SIDELINE PERFORMANCE CHEER RULES GRID

Review all Cheer Levels Grids, General Safety Rules, Categories, Penalty Info and Cheer Glossary for clarification of terms. YCADA levels provide safety by limiting athletes to ability-appropriate skills. Consider the team's overall skill abilities, with extra attention to stunting and tumbling, when selecting a level. Any NEW rule changes are marked in **RED**. Performing skills from a more advanced level will result in a **1.0 point deduction**.

Setting up poms/props prior to the announcement of the team is prohibited 3. Teams will line up off the performance surface to uniformly run on as team to begin their spirited entrance onto the competition floor. Teams will be judged from the beginning of their spirited entrance onto the performance surface. 4. Timing will start with the first participant to step onto the performance surface. 5. Your spirited entrance may incorporate jumps, running tumbling, flags, cheers and chants. 6. Your spirited entrance and crowd involvement will be judged 7. No amplified music is allowed. 8. Flyers ONLY may use Poms during stunting, pyramids, and dismounts. YOUTH CHEER PENALTY INFO

RULES PENALTIES:

1.0 POINT deducted from your total possible score for each violation of any of the Youth Cheer General Safety Rules

1.0 POINT deducted from your total possible score for each violation of any of the requirements in the youth cheer levels grid.

Please refer to the Youth Cheer General Safety Rules and Levels Grid for specific skill allowances and restrictions. **A rules judge may never take a rules deduction where no rule is being violated.**

EXECUTION PENALTIES:

TUMBLING

TUMBLING TOUCH - 0.2 POINT (per occurrence) deducted from your total possible score for any touch to the performance surface during execution of or following the landing of any tumbling skill. Includes head, hand, elbow, arm, knee and leg.

TUMBLING FALL - 0.4 POINT (per occurrence) deducted from your total possible score for each FALL on tumbling skills. Tumbling falls are any time the majority of the tumbler's body comes in contact with the performance surface either on an over rotation or under rotation during the attempted skill.

STUNT SKILLS*

STUNT BOBBLE - 0.2 POINT (per occurrence) deducted from your total possible score for each obvious Stunt Bobbles on a stunt/toss skill. Stunt Bobbles will be defined as any of the following: (1) obvious breaks in bodyline and/or body positions of the flyer (2) excessive movement by bases greater than the width of one panel mat (3) stunts that almost fall but recover (4) obvious incomplete twisting of the flyer (i.e. flyer lands prone when intending to land in cradle). (5) Drops to the performance surface from a nugget, thigh stand and/ or waist level style stunt on to their feet. Stunt Bobbles that precede a Stunt Fall will not be counted in the total deduction. The largest deduction will supersede the total number of Stunt Bobble deductions.

STUNT FALL - 0.8 POINT (per occurrence) deducted from your total possible score for each Stunt Fall on a stunt/toss skill by any member of the stunt group/partner stunt. A Stunt Fall will be defined as any of the following: (1) stunt/toss that fails to execute intended skill (is lowered or dropped below its intended level) OR the flyers legs are no longer "locked out" (2) the flyer is no longer in an upright body position (3) one member of a stunt group/partner stunt other than the flyer falls to the performance surface (4) Drops to the performance surface from a nugget, thigh stand and/ or waist level style stunt on to a body part other than their feet.

MAJOR STUNT FALL - 1.0 POINT (per occurrence) deducted from your total possible score for each FALL on a stunt/toss skill in which the flyer's body (other than their feet/foot) hits the floor and/or a FALL by multiple members of the stunt group.

**The category "stunt/toss skills" will include stunts, dismounts, inversions, release moves, pyramids, tosses, etc. for the purpose of simplifying penalty descriptions. Each member of the stunt group will be considered part of the stunt in relation to a fall. (i.e. any member of the stunt group falling to the ground would be considered a fall).*

BOUNDARY PENALTY:

0.1 POINT (per occurrence) deducted from your total possible score for each STEP OR TOUCH OUT OF BOUNDS with any part of the body. Boundary will be defined as the performance surface and any immediate adjacent safety border.

TIME LIMIT PENALTIES:

0.4 POINT deducted from your total possible score if your routine goes 4 SECONDS OR MORE OVER time requirements.

COACH'S CHEAT SHEET

YOUTH CHEER DIVISIONS

This chart lists the **MINIMUM** number of skills a team must perform to score in any given range. Performing **ONLY** these quantities without any additional skills, would score at the **BOTTOM** of any range. Team scores in any difficulty category are based on comparative scoring to other teams in their division. A team performing more than the minimum number of skills required will result in that team scoring higher than teams that perform closer to the minimum number of skills. All skill categories (with the exception of JUMPS) allow cumulative/recycled skills (example: 9 athletes performing the skill twice = 18).

- The **Standing/Running Tumbling** column is how many tumbling skills must be performed to qualify for any given range.
- The **Jumps & Motions** column is how many athletes must perform the same jumps or motions to qualify for any given range.
- The **Stunts** column is how many stunt groups must perform the stunt, dismount and toss to qualify for any given range.
- **Pyramid Difficulty:** Teams will qualify for a particular pyramid difficulty range by performing any of the listed skills in a particular scoring range **ONCE**
- **Majority** is considered greater than 50%

SCORING CRITERIA

YOUTH CHEER DIVISIONS

The following suggested criteria, grids and score sheets are guidelines by which judges will assess your team's skills and performance. Judges maintain the right to drop your team out of the suggested scoring range if it is determined that the quality of skills being executed is not satisfactory for your level of competition. Judges will actively use comparative scoring to determine the scores a team should receive versus the competition in the division. Therefore a team's score will and may change depending on the level of competition at each event. All elements are determined based on a majority of difficulty and execution/technique displayed by the team.

SCORING CRITERIA FOR EACH POINT RANGE... **MAXIMIZE THESE TO SCORE THE MOST POINTS IN EACH SECTION!**

YOUTH CHEER GLOSSARY

[GO TO VIDEO GLOSSARY](#)

REFERENCE GUIDE FOR SKILLS MENTIONED IN THE YOUTH CHEER LEVELS GRID & GENERAL SAFETY RULES.

1/4 Twist Cradle: A ¼ twist by the flyer to the cradle position.

1/4 Twist (Stunt): A twisting stunt/stunt transition in which the flyer and/or bases rotates 90 degrees.

180 (Stunt): A twisting stunt/stunt transition in which the flyer and/or bases rotate 180 degrees. Other related terms include Half Up, 1/2 Twist Load in.

360 (Stunt): A twisting stunt/stunt transition in which the flyer and/or bases rotate 360 degrees. Other related terms include Full Up or Full Around.

Aerial: Performed as a Front Aerial or Side Aerial

- **Front Aerial:** An airborne tumbling skill where the participant performs a Front Walkover executed without placing hands on the ground for support.
- **Side Aerial:** An airborne tumbling skill where the participant performs a Cartwheel executed without placing hands on the ground for support.

Airborne Tumbling Skill: A tumbling skill involving hip overhead rotation, becoming free of contact with the performance surface.

Alternate Cradles: Dismount variations in which the flyer executes a trick/body position. Cradle examples include: Toe Touch, Tuck, Kick, Pike. Clarification: the Arch position following the trick does not count as a second trick because it allows the flyer to be safely caught by the bases.

Alternate Flipping Body Positions (Tumbling): X-Out, Layout, Pike, Step Out, and Whip.

Arabesque: A single leg stunt in which the working leg of the flyer is fully extended, parallel to the performance surface and flyer's chest is up (close to 90 degrees).

Arabian: A tumbling skill in which a participant performs a 1/2 twist into a Front Flip. The twist is complete before the rotation of the flip begins and is commonly performed out of a rebound.

Assisted Tumbling: Any form of physical assistance that an athlete receives during the execution of a skill or a series of skills. These skills will NOT be considered tumbling and therefore will not be given credit in tumbling difficulty.

Back Handspring: A backward airborne tumbling skill that starts from a standing or running entry, in which the participant jumps or rebounds to rotate into an inverted position then blocks off the hands to return upright and land on their feet.

Back Limber: Gymnastic, non-aerial flexibility skill that originates on the feet (back), keeping both legs together and landing in a back bridge position.

Back Limber to Back Walkover: Gymnastic, non-aerial flexibility skill that begins on the feet, keeping both legs together into a back bridge position, then continuing to a back walkover.

Back Walkover: A non-airborne tumbling skill where the athlete moves backward into an arched position, with the hands making contact with the ground first, simultaneously kicking one foot to rotate the hips over the head and land on one foot at a time.

Ball Up: A release move of the flyer, bringing knees to chest and landing in an upright, standing position.

Barrel Roll: A release move where the top person's body rotates at least 360 degrees while remaining parallel to the performance surface. **This skill begins and ends in the cradle position.**

Base: A person who is in direct weight bearing contact with the performance surface and provides primary support for another person.

Basket Toss: A type of toss with no more than 3 bases, 1 back spotter, where 2 bases use their hands to interlock wrists making a basket weave style grip to be used as a platform for the flyer's feet in the load-in position.

Bow N' Arrow: A single leg stunt in which the Flyer grabs the foot of the working leg with the opposite hand/arm pulling it tight to the torso. The flyer's working leg is kept straight while reaching their free arm to a T motion through the space between their working leg and gripping arm.

Brace/Bracer: A physical pyramid connection where 1 flyer provides stability to another flyer.

Braced Flip: A pyramid stunt in which a top person performs a hip over head rotation while in constant physical contact with 2 bracers. Types of Braced Flips include Braced Front Flip and Braced Back Flip.

Braced Roll: A pyramid stunt in which a top person performs a hip over head rotation while in constant physical contact with both a top person and a person on the performance surface who is part of the stunt group.

Building: See stunt

Bump Down: A stunt dismount skill in which the Flyer transitioned to a sponge/reload position in order to return the flyer to the performance surface.

Cartwheel: A non aerial gymnastic skill where one supports the weight of the body with the arm(s) while rotating sideways through an inverted position landing one foot/leg at a time.

Chair: Stunt in which one or more bases hold the flyer in a sitting position, mimicking a chair.

Consecutive Connected Jumps: The execution of two or more jumps following continuously in an unbroken sequence.

Continuous Back Spotter: The sole person during a stunt, who is responsible for the head/shoulders of the flyer. They are located behind or to the side of the flyer for the entire stunt. Does NOT need to have contact with the flyer/stunt group and does not provide primary support to the flyer. **Also known as a Spotter.**

YOUTH CHEER GLOSSARY

(CONTINUED)

[GO TO VIDEO GLOSSARY](#)

Cupie: A two leg group stunt or partner stunt skill in which the flyers feet are together in the hand(s) of the base(s) and knees are straight

Dismount: A stunt skill, originated by the Spotter/Bases as the final part of a stunt/stunt transition. The flyer is released to a Cradle, released and assisted to the performance surface, or transitioned to a sponge or reload position in order to return the flyer to the performance surface. Examples of dismounts: Step Off Front/Back, Shove Wrap, Bump Down, and Cradle.

Dive Roll: A Forward Roll where the feet leave the ground before the hands reach the ground.

Downward Inversion: A stunt or pyramid skill in which an inverted person's momentum is moving towards the performing surface.

Eighteen Inches above Extended Arm Level: Measured from the end of the fingertips of the bases at a fully extended position overhead to the lowest position of the flyer.

Extended Position: A stunt related term describing anytime the bases take the feet of the flyer above the head of the bases, no matter how momentarily the flyer has passed through the extended position.

Extension: A two leg, extended level stunt in which the flyer's feet are being held by the base(s) in the extended position.

Extension Prep: A two leg, prep level stunt in which the flyer's feet are being held at shoulder level by the bases.

Extension Prep Hitch: A two leg prep level stunt in which one base's hands are at prep level and the other base's hands are at the extended level while the flyer bends their leg on the extended side. YOUTH DANCE CATEGORIES

CATEGORY is defined by the type of performance you select.

New changes from last year's packet are marked in **RED**.

POM: (Time Limit: 2 min 30 sec) A Pom routine is composed of the 2 main styles listed below (Pom and Jazz) with the majority of emphasis on Pom. Poms should be used throughout the routine. Inadequate use of poms may negatively impact the panel judges overall impression and/or score of the routine.

- **POM:** The most important characteristic of this style is synchronization and visual effect. Motion sequences should emphasize uniformity, motion sharpness, technique, and placement. A visually effective routine should include seamless transitions, ground work, level changes, group work, and roll offs.
- **JAZZ TECHNIQUE:** Jazz technical elements should enhance pom choreography and may include kicks, leaps/leap combinations, pirouettes, turn sequences, body placement, extension, control, etc.

HIP HOP: (Time Limit: 2 min 30 sec) A Hip Hop routine is composed of street style movements with an emphasis on variety, execution, creativity, body isolations/control, rhythm, uniformity and musical interpretation. Choreography should demonstrate various styles and elements of hip hop while incorporating athleticism, footwork, jumps, stalls, etc. Listed below are some examples of hip hop styles that teams MAY incorporate into their routine.

- **CHEER FUNK:** This dance style emphasizes uniformity, rhythm, body isolation, creativity, and execution, yet still incorporates the basic fundamentals of cheer such as sharp precise movements and visual effect.
- **POPPING:** This style of dance is an innovative style of hip-hop or funk dancing. Poppers achieve the dance style's jerky or twitchy movements by continuously and rhythmically tensing and then relaxing muscles in the arms and legs, which are called hits, ticks, and pops.
- **LOCKING:** This style of dance comes from freezing a fast movement and "locking" in a certain position, holding that position for a short while, and then continuing at the same speed as before. The movements are generally large and exaggerated, and often very rhythmic and tightly synced with the music.
- **BREAKING:** This style of dance combines forms and maneuvers from gymnastics, hip hop, and martial arts. Break dancing mainly consists of four kinds of movement: toprock, downrock, power moves, and freezes. ***See Tumbling, Gymnastics and Tricks under Dance General Rules for details.**
- **KRUMPING:** This street style of dance is categorized by free expressive, exaggerated and highly powerful movement.
- **WAACKING:** This style of dance consists of moving the arms to the music beat, typically in a movement of the arms over and behind the shoulder. Waacking also contains other elements such as posing and footwork.
- **TUTTING** - This style of dance combines body and arm movements that are based on geometrical angles and shapes.
- **URBAN:** This style of dance incorporates a blend of all hip hop styles, and can also include lyric and jazz. It embodies movement that is less rigid and much more fluid in execution through musicality.

THEME DANCE: (Time Limit: 2 min 30 sec) The focus of this performance is audience entertainment. **With no spoken word by the athlete**, this routine develops a selected theme or era through music, costuming, dance choreography and/or props. This routine should encompass and express one predominate theme and/or era. A proper theme dance should incorporate creative and innovative movements and dance choreography that help shape the intended theme. Athletic and technical skills will be credited toward degree of difficulty. Costuming is required to reflect the routine's theme/era. Props are HIGHLY recommended and should be utilized throughout the routine to maximize score. See Youth General Dance Routine Guidelines for prop specifics.

Please refer to the remainder of the YCADA Dance section for complete details on dance routine requirements and scoring.

Airborne: To be in air and free of contact from the performance surface and/or another dancer.

A la Seconde Turns (Turns in Second): A turning series that opens from a plié out to the front in second position (extended directly out to the side, level with hips) on relevé, and repeats with a turn in plié and so on. Very similar to fouetté turns but instead of the leg whipping in to passé, it stays in second position.

Arabesque (air-u-besk): When the dancer stands on one leg while the other is fully extended behind at a 90 degree angle.

Attitude: A position where one leg is the supporting leg and the other is extended back/front at a 90 degree angle, with a bent knee and well turned out so that the knee is level with the foot.

Axle: The working leg kicks out from a low chaîné and around through second position, where it meets the other leg in a tucked position while completing a full rotation in mid air.

Chaîné Turns (sha-nay): A series of rapid turns, chained together, on the balls of the feet. One foot steps out and the other follows in to a closed turn, repeat.

Very similar to al a seconde turns but instead of the leg staying in second position it whips in to passé.

Shoulder Sit: The supporting dancer stands up while the elevated dancer sits on top of their shoulders with legs wrapped around the supporting dancer's back.

Side Leap/Jeté à la Seconde: A leap to the side in which one leg rises to second position, or highest point of extension, while the other leg follows by doing the same on the opposite side to meet in a straddle position in mid air before landing.

Spotting: A term used for the movement of the head and focusing of the eyes during pirouettes and other turning movements. The dancer chooses a spot to focus on with their eyes and as the turn is executed, the eyes stay focused on that spot until the head has no choice but to whip around. Whack Back – A vertical jump incorporating a backward rotating straddle jump or around the world jump as the performer lands on their hands at their sides and slightly behind their body.

Windmill: Beginning in a position laying down on the back, the dancer spins from his/her upper back to the chest while twirling his/her legs around his/her body in a v-shape. The leg motion gives the majority of the power, allowing the body to "flip" from a position on the back to a position with the chest to the ground.
